Natural Hazards Mitigation Plan

Prepared by:
Cottage Grove Community Development Department
Dianna C. Skelly-Cotter
&
Natural Hazard Mitigation Advisory Committee

Adopted by Cottage Grove City Council

_____

Table of Contents

Chapter 1: Natural Hazards Mitigation Plan 1

Section 1: Introduction 1

What is Natural Hazard Mitigation? 1

Why Develop a Mitigation Plan? 2

Authorities: 3

Policy Framework for Natural Hazard Mitigation in Oregon 4

Local Adoption 5

Planning Process 5

Section 2: Community Profile 9

Overview 9

Future Expectations 17

Section 3: Mission, Goals, and Action Items 19

What are the Plan's Missions and Goals 19

Mitigation Strategies 20

Section 4: Implementation, Maintenance and Public Participation 23

Plan Implementation 23

Implementation through Existing Programs 24

Multi-Jurisdictional Planning Efforts 24

Plan Maintenance 24

Project Prioritization Process 25

Annual Meeting 29

Five Year Review of Plan 29

Continued Public Involvement and Participation 29

Chapter 2: Hazard Assessment 31

Section 1: Hazard Assessment Overview 31

Definition of a Hazard Assessment 31

Federal Requirements for a Hazard Assessment 32

Hazard Quantification Categories 32

Weight Factors, Scoring Guidelines 33

Hazard Assessment Mapping Methodology 34

Section 2: Local Hazard Assessment 37

Relative Risk Assessment 37

DRAFT

Vulnerability Assessment 37
Critical Facilities and Infrastructure 40
Section 3: Climate Change 45
Chapter 3: Natural Hazards 47
Overview of Local Hazard Mitigation Mission and Goals 47
Action Item Identification and Prioritization 49
Section 1: Flooding 51
Flooding Profile 51
Previous Occurrences 52
Flooding Hazard Assessment 54
Repetitive Flood Loss 59
Existing Flood Mitigation Activities 60
Flood Mitigation Projects 60
Flood Mitigation Objectives and Action Items 60
Section 2: Landslide 69
Landslide Profile 69
Landslide Hazard Assessment 69
Existing Landslide Mitigation Activities 73
Landslide Mitigation Objectives and Action Items 73
Section 3: Wildfire 77
Wildfire Profile 77
Wildfire Hazard Assessment 77
Existing Wildfire Mitigation Activities 81
Wildfire Mitigation Objectives and Action Items 82
Section 4: Winter Storm 88
Winter Storm Profile 88
Winter Storm Hazard Assessment 88
Existing Winter Storm Mitigation Activities 89
Winter and Severe Storm Mitigation Objectives and Action Items 89
Section 5: Earthquake 92
Earthquake Profile 92
Earthquake Hazard Assessment 94
Existing Earthquake Mitigation Activities 99
Earthquake Mitigation Action Items 99
Section 6: Drought 103

DRAFT

Drought Action Items 103
Section 7: All-Hazards 106
Section 8: Volcanic Eruption 109
Volcano Profile 109
Volcanic Eruption Hazard Assessment 109
Existing Volcanic Eruption Mitigation Activities 109
Volcanic Eruption Mitigation Action Items 109
APPENDICES: 111
Appendix A: Hazard Maps 111
Appendix B: Critical Facilities 127
Appendix C: Action Item Table 133
Appendix D: Hazard Action Item Tables 135
Appendix E: Evaluation of Mitigation Strategies 138
Economic Analysis of Natural Hazard Mitigation Projects 138
Why Evaluate Mitigation Strategies? 138
What are Some Economic Analysis Approaches for Evaluating Mitigation Strategies? 139
When to use the Various Approaches 142
Implementing the Approaches 142
Additional Considerations 145
Resources 145
Appendix F: Plan Development Timeline 148
Appendix G: Public Meeting Documentation 156
