CONSTRUCTION CORNER
Project Overview for week of April 15

Bridge Repairs – 2019 includes a series of maintenance and safety improvements to the Main Street Bridge, Silk Creek Bridge and the Harrison Avenue Bridge.

- **WEEK OF MONDAY, APRIL 29:**
  - **Silk Creek Bridge** –
    - Installation of steel plates is scheduled for Wednesday, May 1.
    - Partial lane closures on South River Road will occur.
    - Repaving will occur week of May 6.
  - **Main Street Bridge\Silk Creek Bridge** – Repairs will begin on the deck driving surface, including prep work on detector loops and concrete.
  - The Contractor will continue renovations\repairs to bridge railings and concrete pillars at the Main Street Bridge and the Silk Creek Bridge. The work generally includes:
    - Containment scaffolding and tarps will be used to prevent hazardous materials from falling into the waterway.
    - Disposal of hazardous materials generated by the power washing and paint scraping will adhere to state and federal requirements.
    - No traffic lanes will be closed during these steps, except for brief material deliveries to the sites.
    - Detour routes will be setup to redirect pedestrians during this work.

- **The expected project finish date remains May 24, 2019.**

The traveling public should anticipate delays traveling or near the construction. Please drive cautiously, observe all construction signage, and use alternate routes if possible.

These projects are weather-dependent and the weekly schedule is likely to change.

Please call Public Works Engineering at 541-942-3340 with any questions.
